**DANR RECOGNIZES TOWN OF MIDLAND FOR DRINKING WATER COMPLIANCE**

PIERRE - The South Dakota Department of Agriculture and Natural Resources (DANR) announced today that the Town of Midland public water system and the system's operation specialists have been awarded a Drinking Water Certificate of Achievement Award.

"We cannot live without access to safe and reliable drinking water, " said DANR Secretary Hunter Roberts. "This award is a testament to the hard work and dedication of South Dakota's drinking water system operators and their efforts to ensure their customers have access to clean drinking water."

The system's operation specialist is Lawrence Stroppel.

To qualify for the Drinking Water Certification of Achievement Award, public water systems and their system operations specialists had to meet all of the compliance monitoring and reporting requirements, drinking water standards, and certification requirements for 2020.
